LA CORNUE

LE CORNUFÉ

*“I’m a man of simple tastes.  
I’m always satisfied with the best.”*

OSCAR WILDE

The CornuFé Series has always been considered an exquisite centerpiece addition to any home. A functional piece of culinary artistry, the series strictly adheres to La Cornue’s century’s old tradition for manufacturing to the highest degree of hand-crafted perfection.

The CornuFé is available in two sizes, with nine finishes, three trims and in either a dual fuel or induction range model. The dual fuel range features five powerful gas burners and the induction range features a five zone induction cooktop.

Crafted to the same elite standards as our iconic Château, the CornuFé Series truly exhibits the quality and spirit that is La Cornue.

That spirit can be seen within our finishing options. Beginning with the original five hues of our CornuFé Classic Colour Collection, and now continuing with the introduction of the CornuFé Étoilé Colour Collection. Four deep and sumptuous hues, each selected specifically to showcase the elegant detailing and luxurious styling that makes the CornuFé unique.

The four au courant Étoilé Colours sit handsomely side-by-side with our original colours to provide the ultimate in creative culinary customisation.

ACCESSORIES

FRENCH PLAQUE ADAPTER

Designs to fit both the CornuFé 90 and 110, the French Plaque provides a large, flat surface for indirect heat – perfect for simmering and slow-cooking. The hand-cast aluminum design holds up to five pots and radiates heat from the centre, resulting in multiple heat zones – from high to low.

GRILL & GRIDDLE PLATE

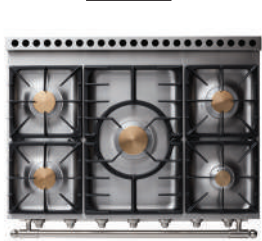

The Grill/Griddle is made of coated cast aluminum and features half grill and half griddle. It's perfect for quick indoor grilling and fits perfectly over the left burners on both the CornuFé 110 and 90.

WOK ADAPTER

The Wok Ring is made of coated cast aluminum and fits perfectly over the center 17,000 BTU burner on both the CornuFé 110 and 90 for high-heat wok cooking.

SET OF 5 BRASS BURNERS

This set of 5 burners are interchangeable with the standard burners that ship with the range. NOTE: *The polished brass trim is a natural, non-coated metal and will patina over time.*
